

MICROSOFT OFFICE 365 WORD ESSENTIALS TRAINING

COURSE LENGTH: 0.5 DAYS

The web-based Office 365 Word application can improve efficiency, convenience and productivity through its features that allow sharing and working simultaneously with co-workers from anywhere. Learn how to use this application interface correctly by attending the Microsoft Office 365 Word Essentials Training course.

After this course, you will have learned: how to create, format, edit, save, share and publish documents, using the Pop Out Windows and the Reading View, converting documents, enhancing a document by changes in format, fonts and other options, using the insert tools (pictures, WordArt, tables, links, text to tables), and much more.

This comprehensive course is now available in London, Birmingham, Leeds, Glasgow, Sheffield, Bradford, Edinburgh, Liverpool, Manchester and UK wide.

MICROSOFT OFFICE 365 WORD ESSENTIALS TRAINING COURSE OUTLINE

FOREWORD

In this Microsoft Word 365 Essentials course, participants will become efficient using the new web application interface to create and share documents, as well as learn standard document-editing skills. Collaborate with co-workers with a click of a button with this new web-based software. Users will master workflow efficiency by learning about the work modes that are offered, including the benefits of working in the browser versus Word, pop-out windows, and converting documents. Formatting and editing techniques will be taught, as well as inserting tables and pictures.

With Office 365 Word your participants will learn how to edit, share, and publish Word files using the Office 365 interface. The Office 365 experience is designed to render your documents to look exactly like they would when printed, from nearly anywhere in the world. This tool provides its users the freedom to work from anywhere.

OUTCOMES

In this course, participants will

- ▶ Learn the basics of sharing documents with collaborators, increasing productivity
 - ▶ Understand how to proficiently use the web app interface of this new document editing web application
 - ▶ Learn all of the basics of the traditional out-of-the-box Word software, including creating, opening, saving, and printing files
 - ▶ Master workflow efficiency using Pop Out Windows, converting documents, and printing from the Reading View without opening the file
 - ▶ Understand the work modes offered, including editing in the browser and opening in Word
 - ▶ Discover ways to enhance documents with various formatting options for fonts, paragraphs, lists, and pages
 - ▶ Understand how to insert and format tables and pictures, increasing ways to relate information to readers
-
